27 March 1978  
OIC - 78- 1255

MEMORANDUM FOR: Mr. William F. Donnelly  
Chief, Information Services Staff

FROM : [REDACTED]  
Office of the Special Assistant  
to the DDO for External Oversight

SUBJECT : [REDACTED] Records

REFERENCE : [REDACTED] 12 March 1978

1. Reference sets forth the new documents destruction policy and permits the official files to be flagged if litigation (or other legal process is involved). OGC calls our attention to reference regulation apparently permitting destruction of duplicate [REDACTED] records such as items of correspondence, analyst summaries, etc.

2. The existence of such duplicates, as well as the originals, is relevant to impending legislation, at least until such time as the Driver v. CIA class action is resolved. It is suggested that until further notice, no [REDACTED] material of any kind currently in your possession be destroyed.
